  - (b) if the open market value is not available, be the value of supply of goods or services of like kind and quality;
  - (c) if the value is not determinable under clause (a) or (b), be the value as determined by the application of rule 30 or rule 31, in that order:

Provided that where the goods are intended for further supply as such by the recipient, the value shall, at the option of the supplier, be an amount equivalent to ninety percent of the price charged for the supply of goods of like kind and quality by the recipient to his customer not being a related person:

Provided further that where the recipient is eligible for full input tax credit, the value declared in the invoice shall be deemed to be the open market value of the goods or services.

- 29. Value of supply of goods made or received through an agent.-The value of supply of goods between the principal and his agent shall-
- (a) be the open market value of the goods being supplied, or at the option of the supplier, be ninety per cent. of the price charged for the supply of goods of like kind and quality by the recipient to his customer not being a related person, where the goods are intended for further supply by the said recipient.

Illustration: A principal supplies groundnut to his agent and the agent is supplying groundnuts of like kind and quality in subsequent supplies at a price of five thousand rupees per quintal on the day of the supply. Provided that in the case of supply of services, the supplier may opt for this rule, ignoring rule 30.

- **32. Determination of value in respect of certain supplies.-** (1) Notwithstanding anything contained in the provisions of this Chapter, the value in respect of supplies specified below shall, at the option of the supplier, be determined in the manner provided hereinafter.
- (2) The value of supply of services in relation to the purchase or sale of foreign currency, including money changing, shall be determined by the supplier of services in the following manner, namely:-
  - (a) for a currency, when exchanged from, or to, Indian Rupees, the value shall be equal to the difference in the buying rate or the selling rate, as the case may be, and the Reserve Bank of India reference rate for that currency at that time, multiplied by the total units of currency:

Provided that in case where the Reserve Bank of India reference rate for a currency is not available, the value shall be one per cent. of the gross amount of Indian Rupees provided or received by the person changing the money:

Provided further that in case where neither of the currencies exchanged is Indian Rupees, the value shall be equal to one per cent. of the lesser of the two amounts the person changing the money would have received by converting any of the two currencies into Indian Rupee on that day at the reference rate provided by the Reserve Bank of India.

Provided also that a person supplying the services may exercise the option to ascertain the value in terms of clause (b) for a financial year and such option shall not be withdrawn during the remaining part of that financial year.

- (b) at the option of the supplier of services, the value in relation to the supply of foreign currency, including money changing, shall be deemed to be-

*Explanation.*- For the purposes of this sub-rule, the expression "basic fare" means that part of the air fare on which commission is normally paid to the air travel agent by the airlines.

- (4) The value of supply of services in relation to life insurance business shall be,-
  - (a) the gross premium charged from a policy holder reduced by the amount allocated for investment, or savings on behalf of the policy holder, if such an amount is intimated to the policy holder at the time of supply of service;

(5) Where a taxable supply is provided by a person dealing in buying and selling of second hand goods i.e., used goods as such or after such minor processing which does not change the nature of the goods and where no input tax credit has been availed on the purchase of such goods, the value of supply shall be the difference between the selling price and the purchase price and where the value of such supply is negative, it shall be ignored:

Provided that the purchase value of goods repossessed from a defaulting borrower, who is not registered, for the purpose of recovery of a loan or debt shall be deemed to be the purchase price of such goods by the defaulting borrower reduced by five percentage points for every quarter or part thereof, between the date of purchase and the date of disposal by the person making such repossession.

- (6) The value of a token, or a voucher, or a coupon, or a stamp (other than postage stamp) which is redeemable against a supply of goods or services or both shall be equal to the money value of the goods or services or both redeemable against such token, voucher, coupon, or stamp.

- **33.** Value of supply of services in case of pure agent.- Notwithstanding anything contained in the provisions of this Chapter, the expenditure or costs incurred by a supplier as a pure agent of the recipient of supply shall be excluded from the value of supply, if all the following conditions are satisfied, namely,-
  - (i) the supplier acts as a pure agent of the recipient of the supply, when he makes the payment to the third party on authorisation by such recipient;
  - (ii) the payment made by the pure agent on behalf of the recipient of supply has been separately indicated in the invoice issued by the pure agent to the recipient of service; and

- (b) neither intends to hold nor holds any title to the goods or services or both so procured or supplied as pure agent of the recipient of supply;
- (c) does not use for his own interest such goods or services so procured; and
- (d) receives only the actual amount incurred to procure such goods or services in addition to the amount received for supply he provides on his own account.

*Illustration.*- Corporate services firm A is engaged to handle the legal work pertaining to the incorporation of Company B. Other than its service fees, A also recovers from B, registration fee and approval fee for the name of the company paid to the Registrar of Companies. The fees charged by the Registrar of Companies for the registration and approval of the name are compulsorily levied on B. A is merely acting as a pure agent in the payment of those fees. Therefore, A's recovery of such expenses is a disbursement and not part of the value of supply made by A to B.

#### 34. Rate of exchange of currency, other than Indian rupees, for determination of value.-

The rate of exchange for the determination of the value of taxable goods or services or both shall be the applicable reference rate for that currency as determined by the Reserve Bank of India on the date of time of supply in respect of such supply in terms of section 12 or, as the case may be, section 13 of the Act.

**35.** Value of supply inclusive of integrated tax, central tax, State tax, Union territory tax.-Where the value of supply is inclusive of integrated tax or, as the case may be, central tax, State tax, Union territory tax, the tax amount shall be determined in the following manner, namely,-

Tax amount = (Value inclusive of taxes X tax rate in % of IGST or, as the case may be, CGST, SGST or UTGST)  $\div$  (100+ sum of tax rates, as applicable, in %)

Explanation.- For the purposes of the provisions of this Chapter, the expressions-

- (a) "open market value" of a supply of goods or services or both means the full value in money, excluding the integrated tax, central tax, State tax, Union territory tax and the cess payable by a person in a transaction, where the supplier and the recipient of the supply are not related and the price is the sole consideration, to obtain such supply at the same time when the supply being valued is made;
- (b) "supply of goods or services or both of like kind and quality" means any other supply of goods or services or both made under similar circumstances that, in respect of the characteristics, quality, quantity, functional components, materials, and the reputation of the goods or services or both first mentioned, is the same as, or closely or substantially resembles, that supply of goods or services or both.
